# WELCOME FROM THE PRESIDENT

Greetings,

What a difference a year makes. This year is like no other, and by the grace of God we welcome you to our 36th year honoring Dr. Martin Luther King, Jr. and 31st year hosting the oratorical program. Thank you for joining us.

Congratulations and thank you to all our oratorical participants this year as well as all those dedicated individuals working in the background to make this virtual program happen and happen within a time of uncertainty, ever changing technology, and gathering restrictions.

The Prince William County Alumnae Chapter is proud to have inspired youth over the years to participate in this program to showcase their oratorical and musical gifts. We thank you.

Our sponsors play an important role, as we could not keep this program going without your generous monetary and in-kind donations. Thank you for your support and consistent inspiration year after year.

Thank you to the coaches and judges for your willingness to give of your time and believing in our youth and our program. Thank you to the Rev. Al Sharpton for answering our call for support in this year's program and to all our special guests.

A special thank you to the Martin Luther King Oratorical Committee for their commitment in planning this program and making it come alive during this unprecedented time.

Finally, on behalf of the members of the Prince William County Alumnae Chapter of Delta Sigma Theta Sorority, Inc., thank you for taking the time out of your schedule to attend and support the program this year. Your presence and support of our youth is very much appreciated.

May God bless you and keep you until we meet again.

Sincerely,

Sharon M. Andrews,

*President, Prince William County Alumnae Chapter  
Delta Sigma Theta Sorority, Inc.*

## WELCOME FROM THE CHAIRWOMAN

It is my distinct honor to serve as a first-time Chair for the 2021 Annual Dr. Martin Luther King, Jr. Oratorical Competition and Program. I welcome you to this historic virtual presentation of our award - winning program. The chosen theme is "Beyond the Dream: Young Voices With

Something To Say." On March 8, 1965, Dr. King delivered a sermon on what became known as "Bloody Sunday." Throughout history Dr. King is often quoted – and often the exact quote is paraphrased as this line from the sermon on that day – "Our lives begin to end the day we become silent about things that matter."

Thirty-one years ago, two courageous members of this sorority – Ms. Lillie Jessie and Ms. JoAnn Bagnerise changed the format of this thirty-six-year program from prominent adult speakers to the current middle and high school student competition. Dr. King's timeless message comes to life as the orators deliver speeches based on a chosen theme. Ms. Jesse also added music to the program in the form of the MLK Community choir. As current members of the chapter, these women continue to be champions for the MLK Program and the voices of our youth.

Today, students of Prince William County, Manassas City, and Manassas Park Schools along with students and adults across the country will benefit from hearing this generation speak and sing about things that matter.

I recognize that the tireless efforts of our local community, the school leadership, the students, parents and coaches, and Prince William County Alumnae Chapter of Delta Sigma Theta Sorority, Inc. made this event possible.

I thank you for joining us in this virtual space and choosing to support the ideals and legacy of Rev. Dr. Martin Luther King, Jr.

With the Utmost Appreciation,  
Sheila MG Mitchell

Dear Friends,

I am pleased to extend warm greetings to all who are gathered for the Prince William County Alumnae Chapter of Delta Sigma Theta Sorority, Incorporated's 2021 Dr. Martin Luther King, Jr. Oratorical Competition and Program.

While this annual event looks different this year, I know the virtual celebration of Dr. King's legacy will be extraordinarily impactful. I can think of no better way to honor his memory than by enjoying the music of the MLK Community Choir and recognizing the speaking and writing abilities of the students competing today. Following in the footsteps of Dr. King, these young people are our next generation of leaders, advocates, and changemakers. As the future of our Commonwealth, I hope that each of you will continue to further develop your skills and strengthen your community through service.

I send my best wishes for a successful and inspiring event.

Sincerely,

Dear Friends,

It is my honor to welcome you to the 36th annual Martin Luther King, Jr. Day Celebration and the 31st annual Youth Oratorical Contest. It has been a privilege to attend this event over the years and to participate in this celebration of Dr. King's life, the impact he had on civil rights and justice for all, and the progress we as a nation have made because of his sacrifices. Leave no doubt, our work is far from finished, but as we see in the youth that participate in this program every year, our future is in great hands.

Although this year's event will look a little different, it is extremely important that we honor Dr. King and continue the work that is left to be done. Our nation still faces obstacles that Dr. King fought to remove, and it is imperative that we do so for our next generations. Dr. King's words continue to inspire our youth, molding the future leaders of our country. Today we give them the space and support to grow into just that.

The oratorical contest seeks to empower students thinking, writing, and speaking skills, allowing them to craft their own unique messages. Dr. King's messages sought to establish that men and women everywhere, regardless of color or creed, are equal. His words continue to inspire hope for our future and that of all future generations.

Because of Dr. King, our nation has reached new heights. We will soon be swearing in the first woman Vice-President, a woman of color, Vice-President Elect Kamala Harris. This is monumental for little girls of color across the nation, to see the heights they can reach and the glass ceilings they can break. Representation matters and as our diversity grows it is vital that it is reflected in our nation's leaders. Because as Dr. King said, people should not be judged by the color of their skin but by the content of their character. Vice-President Elect Harris has inspired us and shown the heights that one can reach. And like with Dr. King, her inspiration will empower generations.

Again, thank you for your efforts to continue this event and for allowing our youth to share their voices. This is a great tradition in Prince William County. Please keep up all the important work that you are doing in our community. We must never stop working to stomp out injustice and inequality when we see it and must work towards living up to Dr. King's vision. We must continue to fight for a better tomorrow. I hope everyone enjoys today's program and good luck to all the contestants!

With warmest regards,

Dear Friends,

It is my pleasure to join you for the 2021 Annual Martin Luther King, Jr. Day Celebration and Annual Youth Oratorical Competition hosted by the Prince William County Alumnae Chapter of Delta Sigma Theta, Incorporated ® and the Delta Research and Educational Foundation.

Today marks the celebration of the life and legacy of a hero who inspired strength and unity within our nation. As we begin this new year and continue to adapt to the changes around us, let us be reminded of the strength and unity of our own community.

This year's theme of "Beyond the Dream: Young Voices with Something to Say" is an opportunity to bear witness to the inspiring young voices around us. I am once again honored to join all of you in celebrating the legacy of Dr. King, Jr. and the continuous inspiration he brings to Prince William County.

Sincerely,

Greetings:

On behalf of the Prince William County Public Schools administrative leadership team, students, and staff, I congratulate the Prince William County Alumnae Chapter of Delta Sigma Theta Sorority, Inc., in affiliation with the Delta Research and Educational Foundation, on the 31st annual Dr. Martin Luther King, Jr. Youth Oratorical Program.

Congratulations to the students in the oratorical contest whose virtual performances are sure to inspire all those who are watching. The level of research and understanding of Dr. Martin Luther King Jr.'s legacy is evident in the speeches delivered each year. Responding to this year's theme, "Beyond the Dream – Young Voices with Something to Say" will open the door for all those participating and watching this year's virtual program to consider their place in the world and imagine opportunities to affect valuable change.

By introducing thought-provoking questions that stretch their minds, we help young people learn to grow. The parents, teachers, volunteers, and members of the Delta Sigma Theta Sorority who have helped with this virtual event and inspired their students on this educational journey deserve high praise and our gratitude.

With best wishes,

Greetings:

On behalf of the Prince William County School Board, I commend and congratulate the Prince William County Chapter of the Delta Sigma Theta Sorority, Inc. and the Delta Research and Educational Foundation for bringing this outstanding 31<sup>st</sup> annual Dr. Martin Luther King, Jr. Youth Oratorical Program to our community. This celebration is not only a time to remember Dr. King, but also to celebrate the diversity of the participants in the Youth Oratorical Contest, and how they define the inclusive world imagined by Dr. King.

The theme of this year's oratorical contest, "Beyond the Dream – Young Voices with Something to Say," is an inspirational concept for the contestants; I look forward to hearing how each of the students competing interpret Dr. King's words.

Thank you to all of volunteers who have worked behind the scenes to assist the student orators, speakers, and MLK Community Choir make this year's virtual event one to remember. My very best wishes for an outstanding program, and congratulations to the winners of the MLK Youth Oratorical Contest.

It is again my privilege to have this opportunity to applaud the members of Delta Sigma Theta as you host your annual Martin Luther King Jr. Day Celebration and Youth Oratorical Contest.

I remain in awe of how your organization plans and executes such an extraordinary event each year. While the virtual format has changed the way we gather to watch the program this year, we are still confident that it will be as spectacular as it has always been.

As Superintendent of Schools, I am proud of two of our Manassas City students who will join this year's participants by sharing the Occasion for the event.

As I reflect on this year's theme, "Beyond the Dream: Young Voices With Something to Say," I am grateful for the platform you have provided that celebrates the voices of our youth. Far too many people disregard and discredit the collective voice of this generation. That is unfortunate because the men you have chosen to honor, Dr. King and the Honorable Congressman John Lewis, each began their leadership journeys while both in their teens. From sit-ins to non-violent boycotts and protests, these men became the voices of a movement that would leave a lasting imprint on the fabric of American history. I hope that their willingness to use their voices to help others will continue to inspire and motivate today's youth to do the same.

Manassas City Public Schools congratulates you, Delta Sigma Theta, for your commitment to recognizing the life and legacy of Dr. King for the last thirty-one years. We wish you continued success for years to come.

Sincerely,

Dear Members of Delta Sigma Theta, Inc.,

It is my privilege to congratulate the Prince William County Alumnae Chapter of Delta Sigma Theta Sorority on your Annual Martin Luther King Day Celebration and 31st Annual Youth Oratorical Contest.

This year's theme, "Beyond The Dream", is powerful, impactful and timely. To achieve Dr. King's dream, we need to acknowledge both our progress and deficiencies. We have made great and discernible progress in America to achieve the dream of equity, inclusion, and justice; however, as 2020 has so clearly revealed, we have a long way to go. This past year reflects Dr. King's quote that: "There comes a time when people get tired of being pushed out of the glittering sunlight of life's July and left standing amid the piercing chill of an alpine November."

In this frigid and tumultuous season of justice, as Dr. King stated, "The ultimate measure of a person is not where they stand in moments of comfort and convenience, but where they stand at times of challenge and controversy." We are desperately in need of voices to facilitate justice in this time of challenge and controversy, to reach Dr. King's dream; and I thank you, Delta Sigma Theta, for all that you do to facilitate justice, and perpetuate and effectuate Dr. King's dream.

On behalf of the Manassas City Public School Board, I applaud you and wish you continued success. Good luck with your Celebration and thank you for inspiring and investing in our youth and our community, and for amplifying their voices.

Greetings,

We are thrilled once again to be a part of the Prince William County Alumnae Chapter of Delta Sigma Theta Sorority's oratorical contest.

**Young Voices with Something to Say** ... this theme has been an integral part of the program since its inception. After an unprecedented year defined by a global pandemic and a heightened awareness of social justice and equality, there may be even more on your minds this year than ever before.

While I am heartbroken about the evidence that racial discrimination persists, individually and systematically, in a nation that should have transcended it long ago, I am confident that your voices, drive, and commitment will continue to demand the realization of Dr. King's vision of flourishing freedoms for all. Each year, your voices inspire, move, and give hope. It is an honor and privilege to witness it firsthand, and it will no doubt provide some much-needed assurances for the future.

On behalf of the students and staff of Manassas Park City Schools, I applaud your preparation, effort, and integrity on display today. You continue to give voice to all who remember the difficulties of yesterday, conquer the challenges of today, and yet dare to dream for tomorrow. The future is truly in good hands.

I also wish to commend the Prince William County Alumnae Chapter of Delta Sigma Theta Sorority, Inc. For more than 30 years, Dr. King's work has continued through your efforts. Your knowledge and character serve as an example for generations to come. Thank you for including us in this journey.

With much admiration and sincere thanks,

**NOW SHE HELPS HARNESS THE SUN BY  
WORKING WITH RENEWABLE ENERGY.**

**What is your military experience?**

I was in the Air Force ROTC in college. I joined the Air Force Reserves to determine if military life was truly for me. While in the reserves, I was deployed to Saudi Arabia during Desert Storm and actually had to miss my graduation.

**What did you get your degree in?**

Electrical engineering. In college, I wanted to fly fighter jets, and I got the opportunity to fly in one. A few inverted loops, and I quickly realized I need to stay on the ground.

**What did you do in the Air Force?**

I was in air transportation. I coordinated the movement of people, planes and equipment, and I made sure the right assets and personnel were where they needed to be when they needed to be there. It's a fancy way of saying I did logistics.

**What do you do at  
Dominion Energy?**

I'm an engineer by training, but work as a renewable energy asset project manager. I manage solar sites in South Carolina, Connecticut, Indiana, Georgia and Tennessee. I'm responsible for the safe operation and management of my solar sites.

**Why should a veteran consider a  
career at Dominion Energy?**

Dominion Energy is very supportive of veterans, from holding their jobs to making up for any income or benefits they may lose while being deployed. And for new hires, Dominion Energy has a tremendous onboarding process, helping veterans transition from military life to corporate America.

**I heard you use goats to keep  
the grass trimmed at the solar

Actually, goats would probably chew on the wiring and cause damage. Yeah, so we probably don't want to use goats, but we have considered sheep.
